July 24, 2020

Dear John B. Kelly Community:

It is with extreme pride and honor that I assume the position of Principal of the John B Kelly Elementary School. I would like to take this opportunity to introduce myself and share my enthusiasm about my recent appointment. I consider myself privileged to be joining a school community that gives top priority to student achievement, unparalleled dedication to quality instruction, commitment to worthwhile collaboration, and a genuine passion for the development of our young people.

As the new principal of Kelly Elementary School, my main priority is academic achievement, and school safety. It is my belief that all children can learn and deserve a quality education. To that end, I am committed to working collaboratively with all stakeholders to ensure that all students reach their full potential.

As we begin this journey, it is important that we continue to work together to provide our children with the most rigorous and challenging education possible. By working together, we can optimize the school experience for all students.

We commit to you that we will always care about the students as an individual, provide rigorous academics, maintain high expectation and offer help and assistance.

Sincerely,

Dr. Victoria Pressley
